STELLA BOOKS

ANGRY BIRDS ***RAIDERS OF THE JADE EGG***

When the jade egg from Matilda's necklace goes missing, Stella is the first one to help. Even when Red orders her to stay out of it, her ambition takes over and the challenge is on. This is her occasion to show what she's capable of! Together Stella and Bubbles will not be stopped even by a bunch of very angry pigs.

- 230 x 290 mm
- 32 pages self-ends + 2 covers
- colors 4/4
- hardcover, sewn, straight back, headbands

A vibrant illustration of a pink bird named Stella in a lush jungle. She is holding a purple bubble wand and looking through it with a surprised expression. The scene is filled with numerous colorful soap bubbles floating in the air. In the background, there is a small blue stream, green foliage, and distant mountains under a bright sky. The text is located in the upper right corner of the image.

A soap bubble. Then another one! Even more of them came bubbling from behind a small hill and then the one blowing them appeared among them. This was of course Stella.

– I have never gotten as perfect bubbles before, Stella said happily. – This day is going to be a very special one for sure!

The morning was perfectly peaceful expect for the bursting of Stella's bubbles.

Suddenly it was quiet no more. Stella dropped her loop and turned around. She heard screaming full of agony from somewhere and immediately responded to the calling.

– Help is on its way!

Stella and Bubbles froze. They heard talking and clumping from the door: the pigs were on their way.

– Outside, and to the gate, Stella ordered. She pushed Bubbles out from the window and jumped straight after him. They managed to sweep to the gate while the pigs were running to and fro, banging on the doors of the houses and hurrying to their guarding spots.

To her horror Stella noticed that there were guards everywhere on the wall. The gate was already closed. Even without the guards it would have been impossible to cross the wall. They would have needed a long ladder. The wall was simply too high.

– We have to turn back and think of something else, Stella shouted. But what? The pigs were everywhere and they were oinking very aggressively.

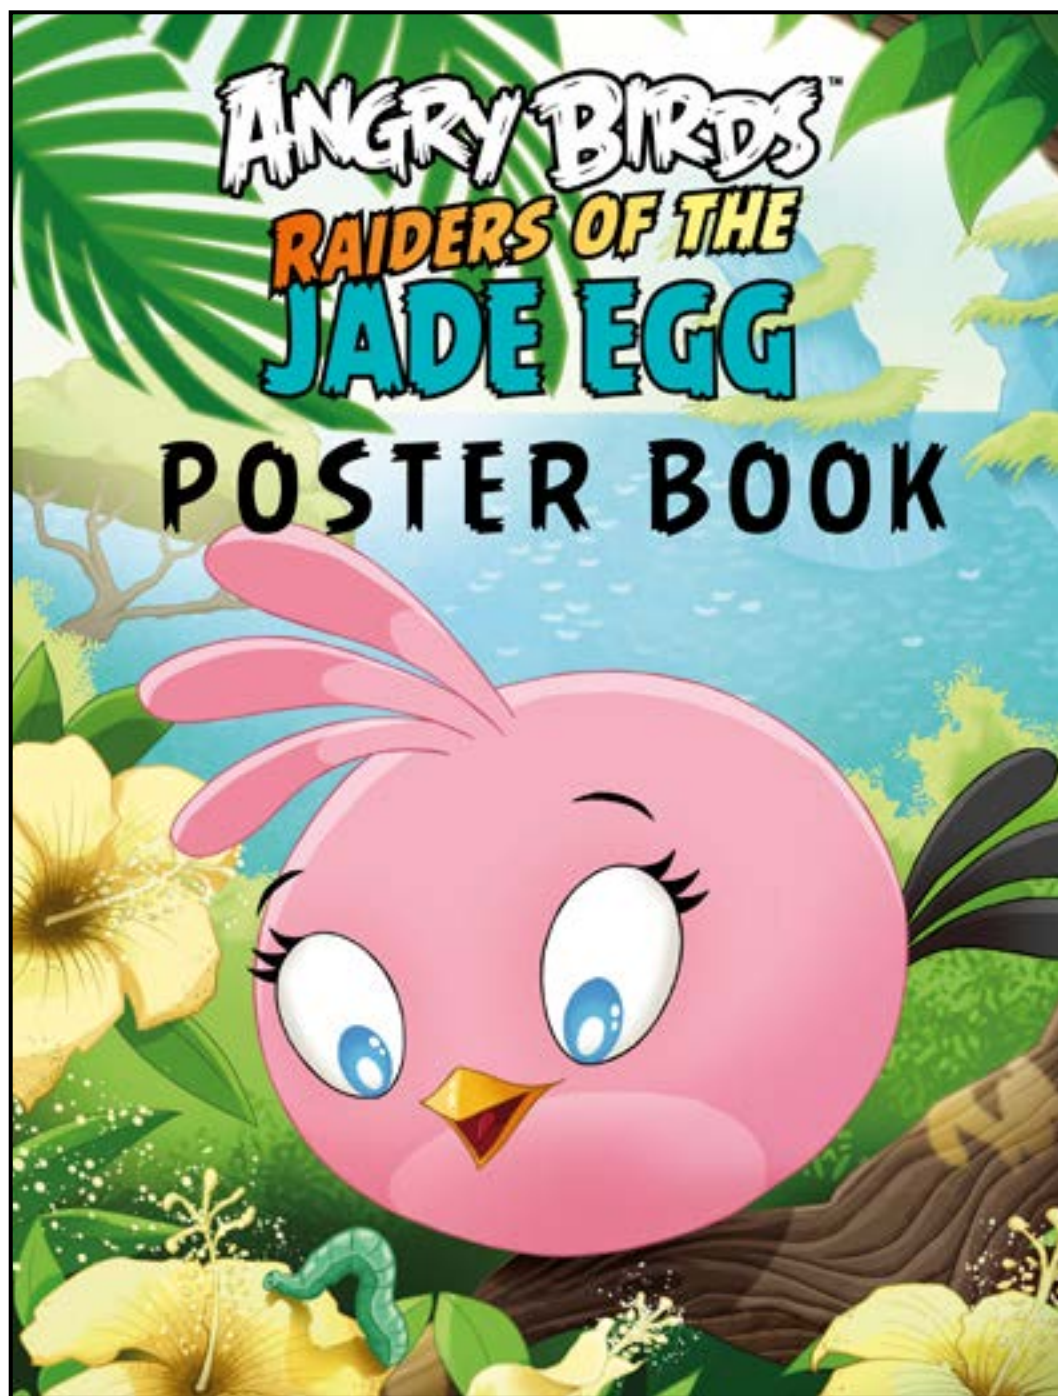

Chef Pig noticed immediately that her precious egg was gone. He stepped out and looked around furiously. The thieves could not have made it far.

There, there he could see some pink and orange. Those colors did not belong to Pig City.

– Guards! Chef Pig screamed. – The miserable spies are trapped!

He watched with content how the pink and the orange had to push themselves against the wall as the pigs were pressing on them from all over the city.

STELLA'S FRIENDS

BUBBLES

Stella gets along great with Bubbles, but sometimes this cute, candy-loving little bird's stories are mystery even to her.

THE BLUES

Jim and Jake and Jay are wild pranksters. Usually Stella likes their jokes, but she thinks sometimes they can go too far.

THE REST OF THE FLOCK

Stella likes her feathered friends, but she also likes everyone to know she's an independent chick. Things are peaceful in the flock just as long as no one picks on birds weaker than them or underestimates Stella.

THE PIGS

Stella doesn't have much patience for the pigs on the island. She thinks they're nasty and comes up with all sorts of strategies to send them squealing on their way.

FRIENDS FOREVER

Read Stella's best advice for lasting friendship.

Trust your friends

Trust is the cornerstone of all friendships. It's important to be able to trust that your friend will support you and defend you in tight spots.

Don't hurt anyone

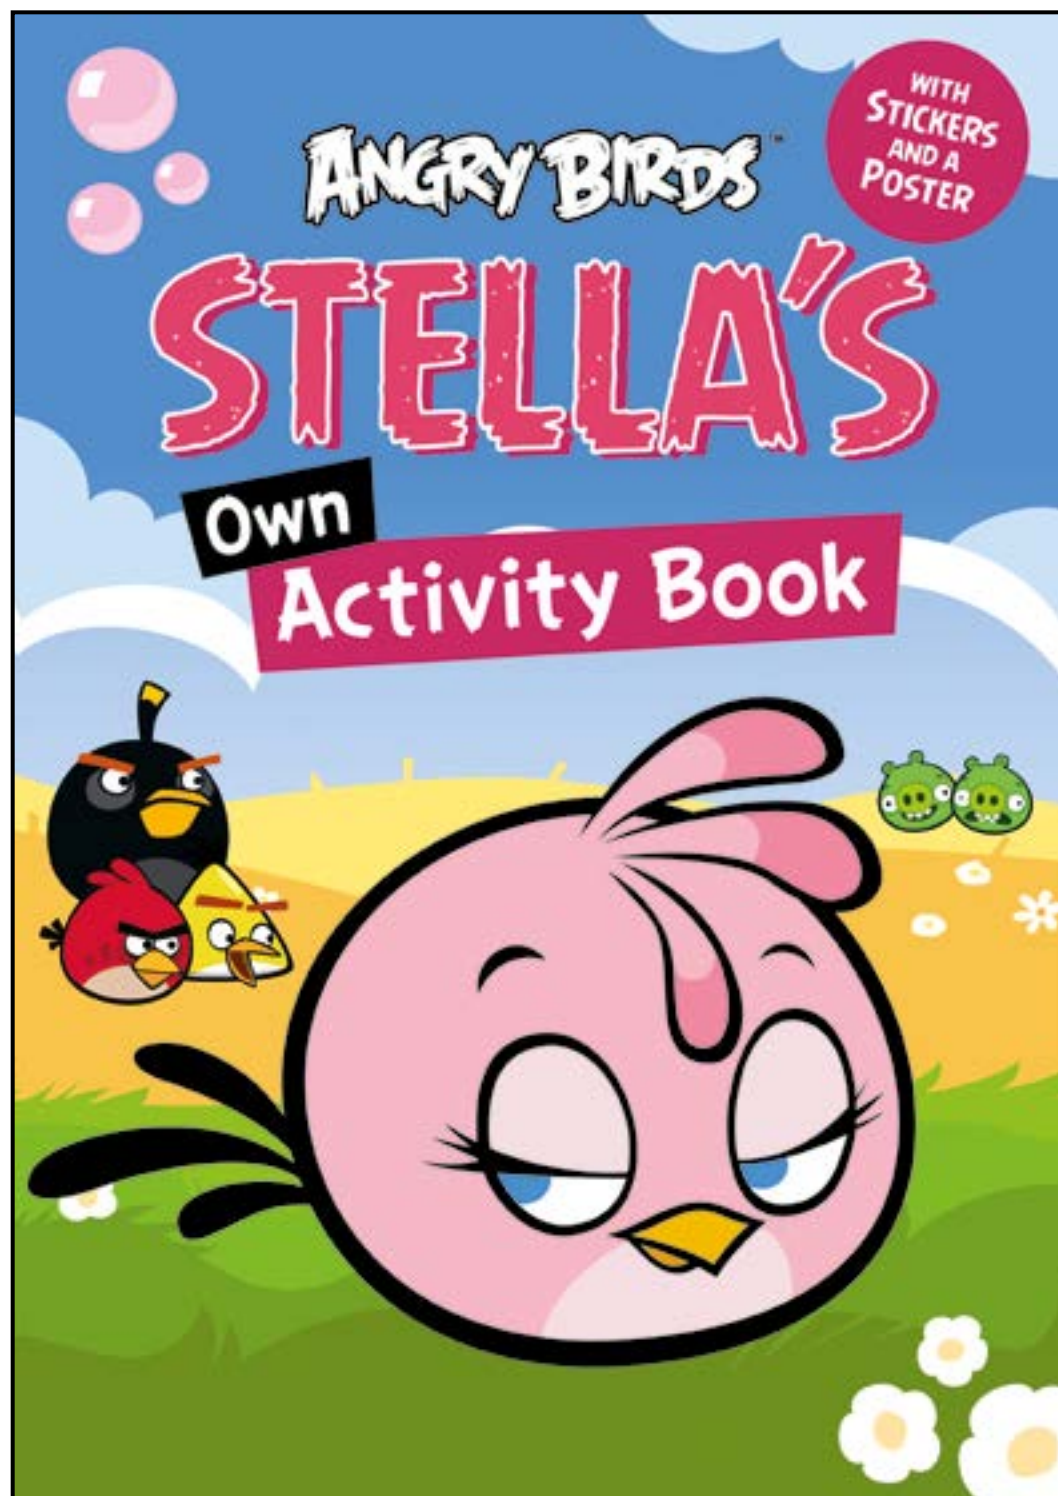

A real friend tells the truth to the people she cares about and knows how to keep her beak where it belongs. Remember to keep your promises and don't gossip about sensitive things people tell you.

Always be yourself

No one is perfect, and you and your friends all have faults and traits that are less than flattering. Don't let your beak get out of joint over little, insignificant shortcomings.

Ainekset

KUUMAMARENKI

- 5 munavalkuaista
- 100 g sokeria

MANSIKKASIIRAPPI

- 200 g pakastemansikoita
- 1 dl vettä
- 2 dl sokeria

- 100 g tummaa suklaata

PERUSTYÖVÄLINEIDEN LISÄKSI:

- sauvasekoitin
- suuri lusikka

5-10 KPL
VALMISTUSAIKA N. 1 T
• KUIVATUS UUNISSA YÖN YLI

LÄMMITÄ uuni 90 asteeseen.

VALMISTA mansikkasiirappi. Kuumenna vesi, sokeri ja mansikat kattilassa. Anna seoksen kiehua miedolla lämmöllä noin 10 min. Jäähdytä siirappi huoneenlämpöiseksi ja seoseuta se tasaiseksi sauvasekoittimella.

VALMISTA kuumamarengi. Yhdistä sokeri ja valkuainen. Kypsennä massaa vesihauteessa koko ajan sekoittaen, kunnes se on noin

50-asteista (tuntuu sormenpäässä lämpimältä, mutta ei polta). Vaahdota massa kovaksi, kiinteäksi vaahdoksi. Vaahdottaminen vie noin 3-5 min.

SULATA suklaa. Kaada suklaata ja siirappia raidoiksi marengin päälle ja sekoita massa varovasti muutamalla pyöräytyksellä raidalliseksi.

NOSTELE lusikalla tasakokoisia kekoja leivinpaperille.

PANE marengit uuniin, sammuta uuni ja anna marenkikekojen kuivua yön yli.

MAKUSIIRAPPIN valmistaminen kotikeittiössä on valtatonta ja suhteellisen nopeaa. Siirappi sopii hienosti kastikkeeksi tai vaikkapa tuomaan väriä marenkeihin. Makuja ja käyttötapoja on lähes rajattomasti. Siirappia valmistettaessa on mältettävä keittää seosta riittävän pitkään.

Tuulihattu torni

Ainekset

TUULIHATTUTAIKINA

(40-50 KPL)

- 2 dl vettä
- 100 g voita
- 3 kananmunaa
- 2 dl vehnäjauhoja

VADELMA-

VALKOSUKLAAMOUSSE

- 250 g valkosuklaata
- noin 200 g pakastevadelmia
- 3 dl kermaa
- n. 150 g tuorejuustoa

- 100 g suklaata

PERUSTYÖVÄLINEIDEN

LISÄKSI:

- pursotinpussi ja tylli

TUULIHATUT OVAT KUIN PILVENHATTAROITA. STELLAN TAPAA
NE KUULUU TÄYTTÄÄ VADELMALLA JA VALKOSUKLAALLA.
Kokeile, saatko tornin kasaan, ennen kuin tuulihatut
katoavat parempiin nokkiin.

VALMISTUSAIKA NOIN 1½ T + TUULIHATTUJEN VALMISTUS

VALMISTA tuulihatut edellisenä päivänä ja anna niiden kuivua.

LÄMMITÄ uuni valmiiksi noin 200 asteeseen.

MITTAA vesi ja voi kattilaan ja kuumenna kiehuvaaksi.

LISÄÄ vehnäjauhot ja sekoita, kunnes massasta muodostuu kiinteä taikinapallo.

JÄÄHDYTÄ massa huoneenlämpöiseksi. Lisää munat yksitellen ja koko ajan voimakkaasti vatkaen. Vatkaa vielä noin 5 minuuttia.

PURSOTA valmiista massasta tasakokoisia kekoja uunipellille ja paista 200-asteisessa uunissa 20-25 minuuttia. Uunin luukkua ei saa avata paistamisen ensimmäisten 15 minuutin aikana.

VALMISTA vadelmamousse. Kuumenna vadelmat kattilassa. Sulata suklaa vadelmien joukkoon ja sekoita tasaiseksi. Yhdistä tuorejuusto ja kerma ja vaahdota pysyväksi vaahdoksi. Yhdistä suklaa-vadelmamasse pieninä erinä kermavaahtoon. Sekoita massa tasaiseksi ja anna sen hyytyä jääkaapissa.

TÄYTÄ tuulihatut vadelmamoussella. Täyttäminen onnistuu siististi, kun teet pienen reiän tuulihatun pohjaan ja pursotat massan siitä tuulihatun sisään.

ASETTELE täytettyjä tuulihattuja tasaiseksi ja tiiviiksi kerrokseksi tarjoiluastiaan. Alimman kerroksen tuulihatut on hyvä liimata alustaan esimerkiksi sulatetulla suklaalla.

LEVITÄ tuulihatuille tasainen kerros vadelmamoussetta ja asettele päälle uusi kerros tuulihattuja.

TUULIHATTUKAKKU voi olla muodoltaan millainen tahansa, vain mielikuvitus on rajana. Koristele valmis torni esimerkiksi mintunlehdillä ja tuoreilla marjoilla.

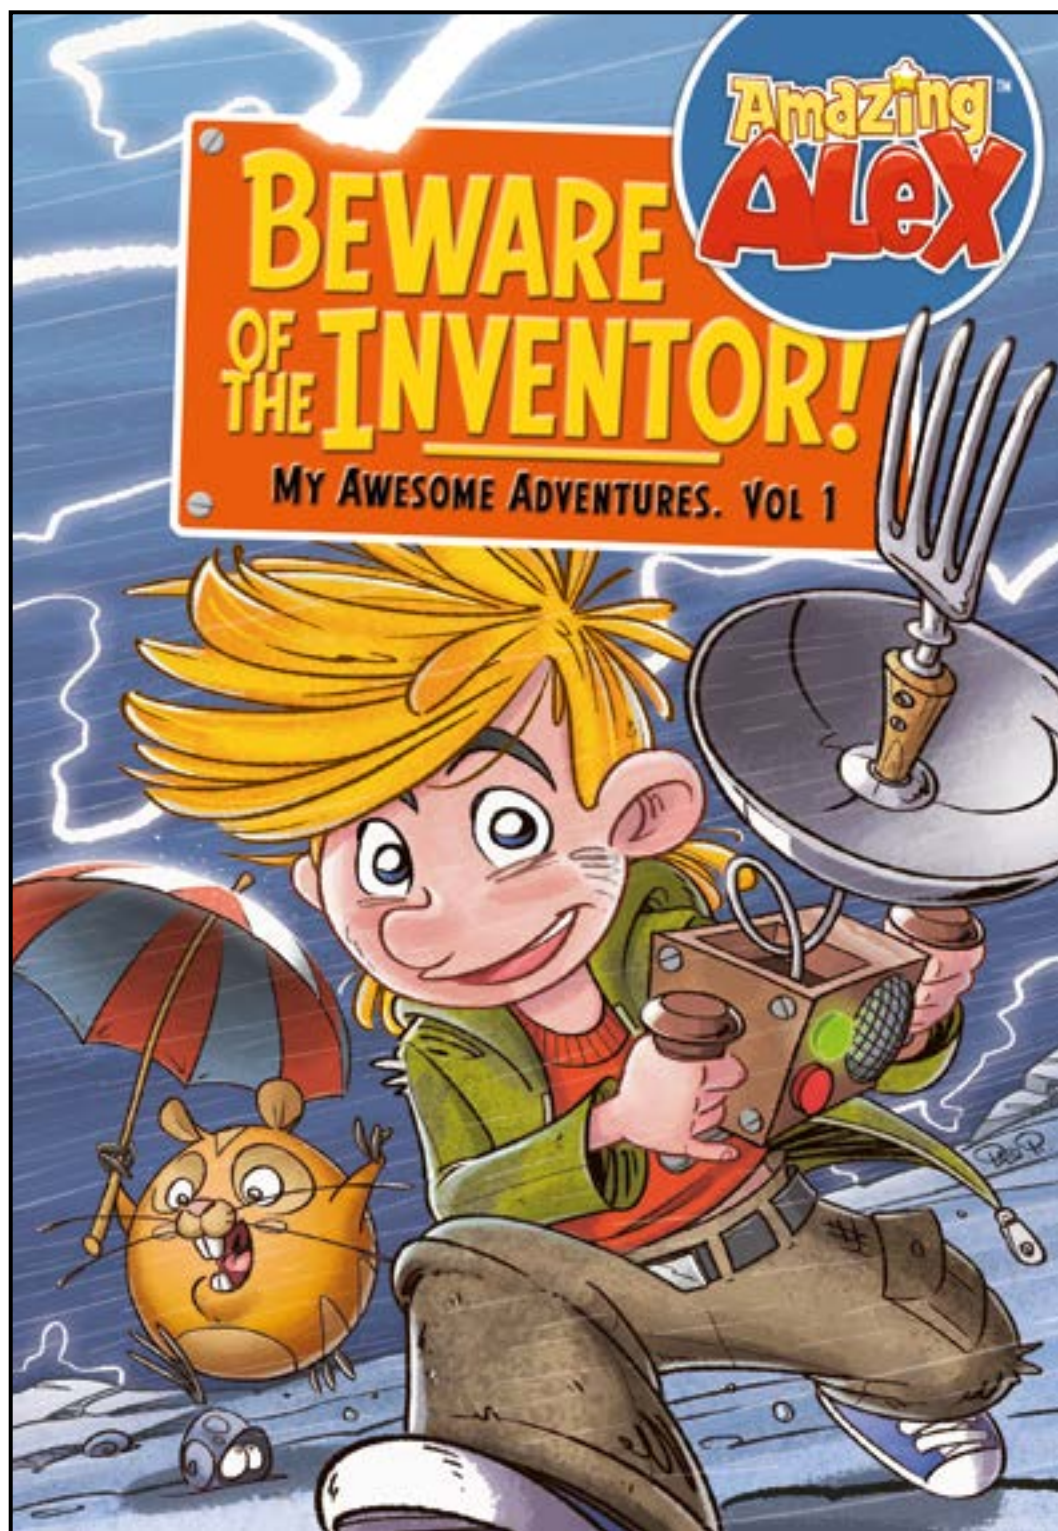

VINKKI!

Voit käyttää myös kaupan valmiita tuulihattuja.

8 Over the next few days, Speedy's behavior turned even stranger. On Wednesday he removed the flush valve from the toilet and the bowl started overflowing. On Thursday Speedy chewed on the lace drapes in Mom's sewing room and bit through the cord to Alex's desk lamp. On Friday he hid seeds in Alex's parent's bed. On Saturday Alex spent three hours searching for his dad's car keys, which Speedy had hidden in the attic in a clay Jack-o-Lantern. By Sunday morning, everyone was fed up, especially Mom.

"This insanity has to stop," she announced.

"We just can't get anything done," Dad said.

"But this isn't my fault," Alex replied. "What have I done now? I haven't invented anything new since you put Mighty Melinda on the shelf."

Dad placed his hand on Alex's shoulder.

"It isn't you."

"It's Speedy," Mom said. "He's jealous."

"And that's supposed to be my fault?" Alex asked. "Like I said: I haven't done anything. I've just been hanging around in my room trying not to invent anything! And it isn't easy, because inventing is what I do best."

"That's exactly the problem," Dad explained.

"I don't understand. Was I supposed to invent something new?"

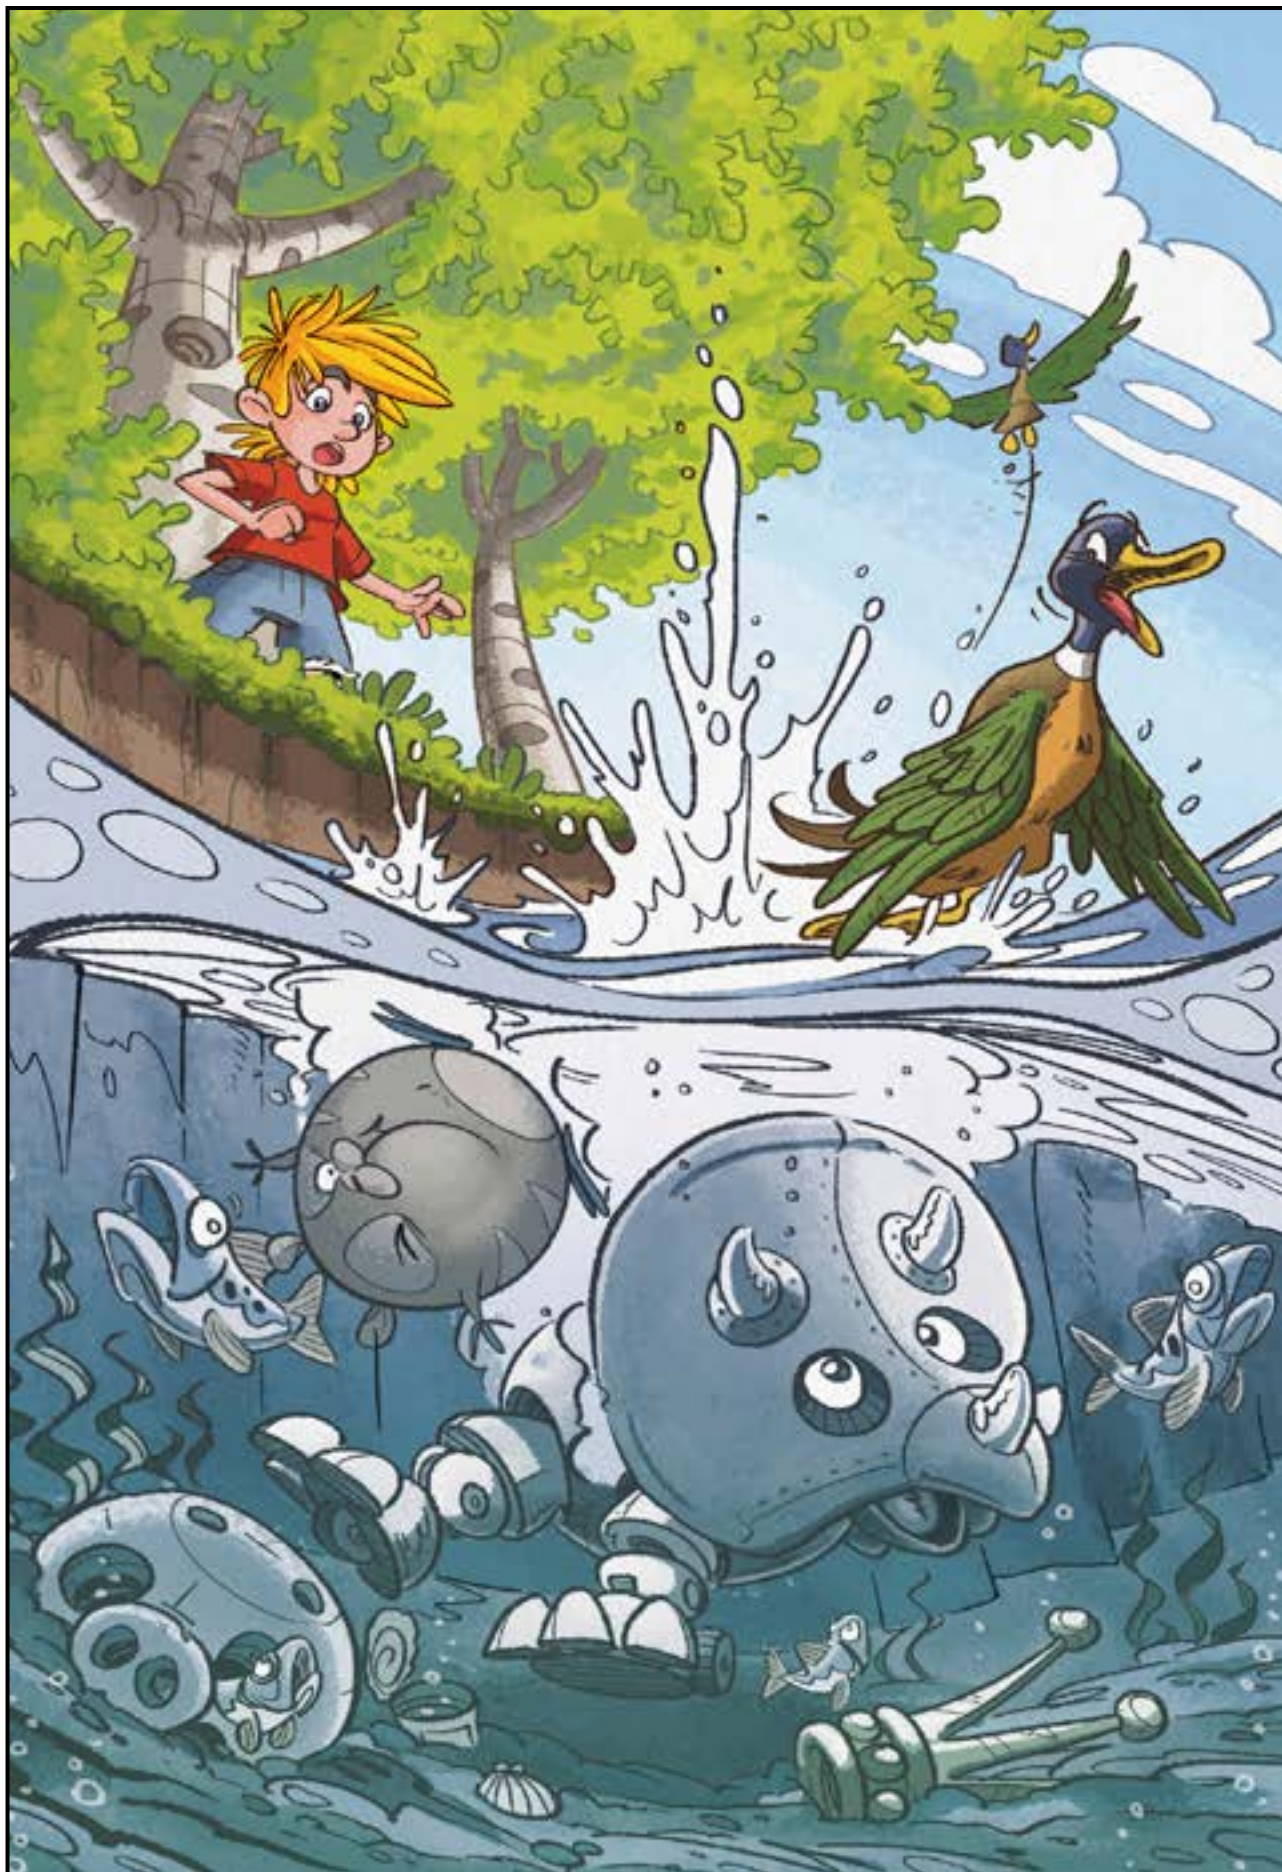

"No dear, but you haven't been paying any attention to your hamster lately," Mom explained.

Alex stared at his hands.

Maybe he had been neglecting Speedy. First he built Mighty Melinda by himself, and then he was playing with her and fixing her. When his mom put the Robosaurus off limits, Alex had just sulked in his room and forgot to play with Speedy at all. He had continued feeding him and filling his water bottle, of course, but he had hardly even talked to him in weeks.

"The thing is that your hamster is jealous of your robot,"

Wet and muddy, Speedy rose to the surface holding onto the ball the boy in the wheelchair had thrown. He spat water out of his mouth in a stream and looked like he was laughing.

The children surrounded the sopping rodent. Someone took a picture and the hamster posed, leaning against the ball. All the kids were completely taken with Speedy.

Alex picked up the ball and the hamster.

"Are you OK, Speedy?"

Speedy shook off his coat and then Alex dried him the rest of the way with the arm of his hoodie. For a second Speedy looked like a ball of fur.

Alex sighed with relief.

"Silly stupid crazy hamster! You're fine."

"And what about my mailbag? That isn't fine at all," the mailman cried.

With that, Speedy dove into the pond and swam to the bottom to flip Melinda's ON/OFF switch back to ON. The Robosaurus rose to the surface like a movie monster with steam coming out of its mouth and flashing eyes.

"Fetch," Alex commanded, pointing at the mailman's bag.

The Robosaurus turned its head, let out a bubbling sound, and obeyed the command, swimming towards the mailbag.

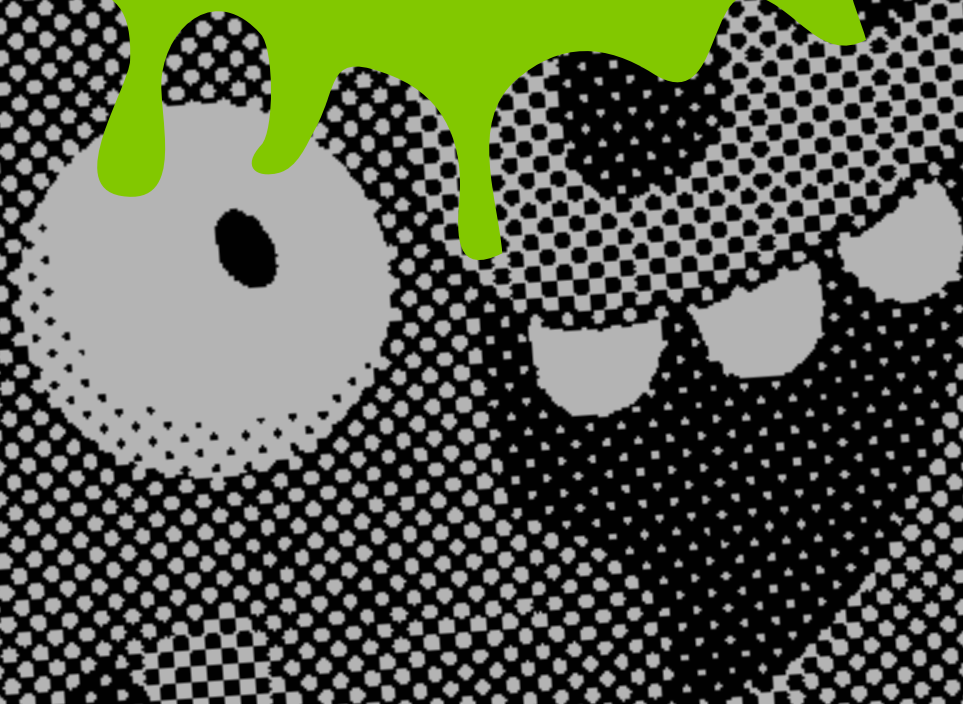

The mailman clasped his hands in concern.

But he was worried for nothing!

Melinda grabbed the mailbag strap in her mouth and swam towards shore. The mailman snatched up the bag and inspected it carefully.

"Thank you. Only the bag got wet, but thankfully the mail is

STORY BOOKS

ANGRY BIRDS ***MYSTERY OF THE LOST TREASURE***

A real treasure hunt! Chuck can't believe his luck when he finds a mysterious map, which he thinks will lead to something valuable. However, Chuck shouldn't have ventured out all by himself. Will he find the treasure or even back home? And who is it that's following him?

- ISBN 978-952-276-136-1
- 230 x 290 mm

That morning Chuck woke up before the sun. A feeling of adventure was in the air. Chuck went to the beach to explore. A strong wind was making whitecaps out at sea. Looking above the beach to the mouth of a cave, Chuck saw something flash.

What could be glittering up there? He would have to find out. When Chuck finally arrived at the cave, the shiny object turned out to be an empty can. Chuck sat down to rest on the sand covering the cave floor. So this wasn't going to be an adventure after all! he thought disappointedly. Suddenly something moved under him and he jumped up. Was a snake wriggling in the sand? No, there wasn't a snake in the sand, just a scroll of thin, yellowed leather. Opening it, Chuck realized he had found a map.

The map showed Piggy Island, and Chuck could see lagoons, bays, mountains, and rivers that he recognized. At Banjo Bayou someone had drawn an X with an arrow leading to it that had a picture of a treasure chest at the other end. Next to the treasure chest was a fierce-looking green pig with a patch over his eye and a black hat on his head. "A pirate pig treasure map!" Chuck whispered in awe. He had to show what he had found to the other birds. What would Red say?

Only now Chuck noticed that the sky had grown dark. Thunder started rumbling and lightning crashed down all around as rain pelted the unlucky bird. All the time he was sinking farther into the sand, even though he wasn't struggling anymore.

Chuck comforted himself with the thought that Red would come to save him if only he could see the balloon. But with the next lightning strike, caught a glimpse of the other side of the clearing and noticed his emergency balloon.

"Oh no!" Chuck squawked.

The balloon was stuck in the branches of a tree.

Soon a gust of wind freed the balloon, but then it hit the tip of another branch and popped. Shreds of balloon fell into the water, and the rain quickly pushed them under. No one would ever see the balloon again.

Chuck was still sinking into the quicksand.

"Is this the end of Chuck?" he cried aloud.

SEARCH AND FIND

Find the following spots from the image.

The birds arrived at an open clearing near Pig City. In the middle of the clearing stood a structure piled up out of junk. At the top they could see something big and green. Cautiously the birds tip-toed closer.

"What a strange building," Matilda said.

"I think it's a guard tower," Red said.

An excited snuffling started coming from Chuck's beak. "Bomb, set up the slingshot," he said.

"It could be a trap," Red said quickly.

"But we have to destroy it before that pig up on top notices us," Chuck said. That was true – there was a strange-looking pig wiggling around on top of the tower.

"Don't explode, Bomb," a voice said from inside. "It's me."

"That's Chuck's voice," Red said in surprise.

Chuck appeared in the pig's mouth.

"Bomb, would you blow up a friend?" he asked. "It isn't a real pig. I saw that immediately of course."

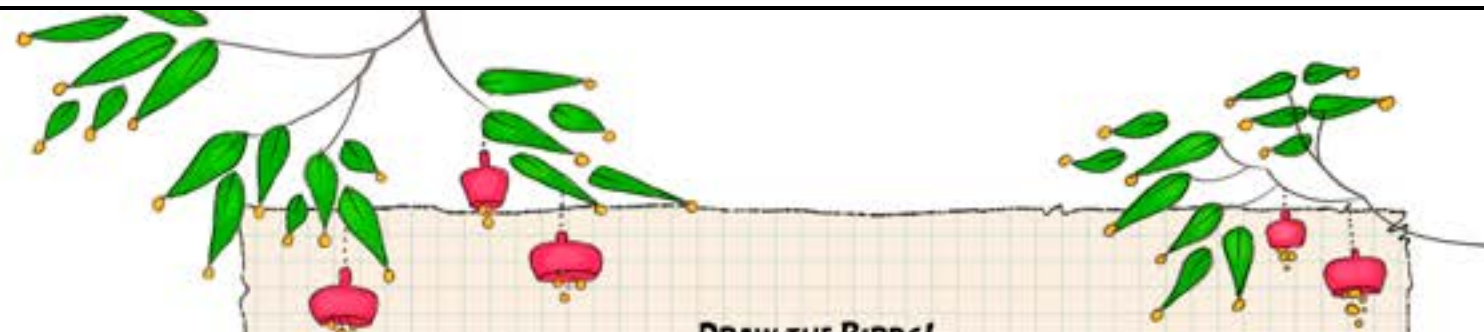

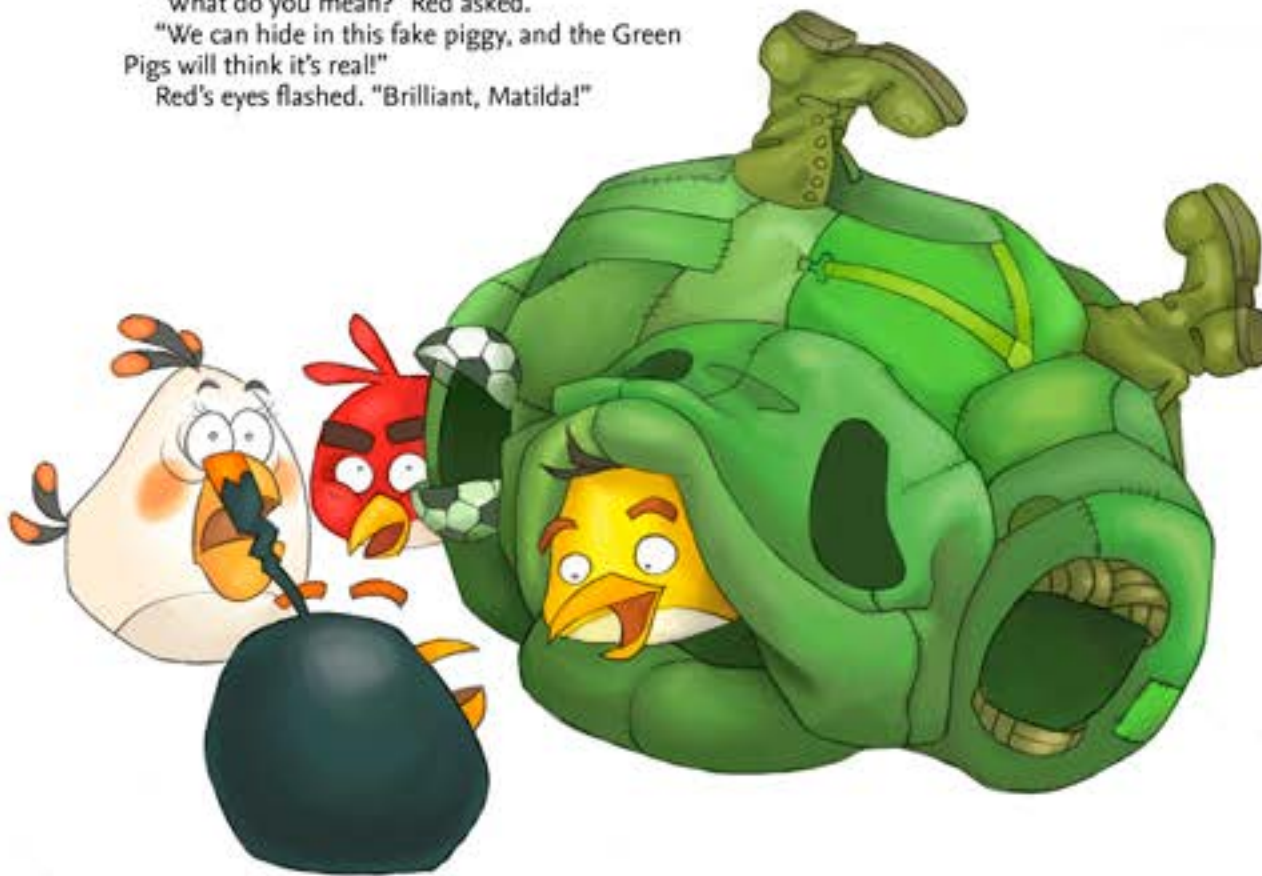

"I knew it. The pigs tricked us," Red snapped. "We've lost precious time. And the slingshot is buried under all that junk now too!"

"I have a solution," Matilda said. "Don't you remember your idea, Red?"

"What do you mean?" Red asked.

"We can hide in this fake piggy, and the Green Pigs will think it's real!"

Red's eyes flashed. "Brilliant, Matilda!"
